

## **C-HDMI/DVI**

HDMI to DVI Cables

---

The Kramer HDMI/DVI series are high-performance cables with HDMI connectors at one end and a DVI connector at the other. They are designed to connect between digital video sources and displays and recorders that don't have both DVI and HDMI connectors.

### FEATURES

---

- **Quality Construction** - HDMI to DVI single link (18 +1 pin) cable provides excellent conductivity at high frequencies and longevity without degradation.
- **High Quality Connectors** - The connectors are gold plated for corrosion resistance and best possible connection quality.
- **HDCP Compliant** - FODM cables are also compatible with the HDMI interface standard and are HDCP compliant.
- **Varied Selection of Lengths** - Available in 3, 6, 10, 15, 25, 35, and 50ft lengths.
